INDEPENDENT RESEARCHER, ROSA S. RASKIN, TARGETS THE POWDER COATING INDUSTRY

Cleveland, Ohio - Want to give your company the benefits of technical and/or business information services to answer questions and anticipate research needs? Cleveland based information specialist Rosa Raskin suggests you take the leap and obtain the information you need to succeed from Rosa S. Raskin & Associates, LLC.

With over 25 years of experience, Raskin provides excellent business and technical information services, along with customized value-added benefits.

Rosa S. Raskin & Associates, LLC, provide data needed to enhance the strategic plan, increase your bottom line, identify new potential prospects, and product innovations.

A goal many envision is to "keep it green", one advantage of powder coatings.

Do you have a tough question? No problem. Raskin thrives on them. She has a unique background in manufacturing, science, and business. She has been adept at electronic searching since the field was born and can help you scope out either "the big picture" or a very specialized area of information.

Raskin creates portals, such as ***The Powder Coating Web Portal*** at <http://www.raskinfo.com/powdercoating.html> for easy access to needed resources for those in the powder coating industry. Rosa S. Raskin & Associates, LLC, provide timely services including in-depth research analyses using knowledge-based databases and deep web searching.

Raskin's services? Individuals, trade associations, companies that do not have resource centers, and companies with resource centers needing help with comprehensive research projects are included as Raskin's clients.

How does the research service work? E-mail or call Raskin with your question or idea and Rosa S. Raskin & Associates, LLC, will respond with an appropriate product for a reasonable mutually agreed upon fee and customized value-added benefits.

You, your prospects, and customers will benefit from cutting-edge information.

Raskin delivers her prompt discoveries to you in your preferred format including, e-mail, a personal web page, snail mail, or fax.

Go to <http://www.raskinfo.com> to download a free brochure and contact Rosa S. Raskin & Associates with your question and discover your value-added benefits.

In a global economy, timely information is the key to success and ensures your lead.
